November 2021 - December 2022 (1 year 2 months)

Tinder, Inc.

Senior Android Engineer

July 2017 - November 2021 (4 years 5 months)

Greater Los Angeles Area

WikiRealty

Lead Engineer

January 2015 - January 2016 (1 year 1 month)

Santa Monica, CA

Whisper

Technical Manager

May 2014 - January 2015 (9 months)

Venice, CA

OpenX

Software Engineer

June 2012 - May 2014 (2 years)

Pasadena, CA

California Institute of Technology

Undergraduate Researcher

June 2011 - September 2011 (4 months)

Pasadena, CA

Designed an ARM microprocessor based self-configuring controller for mobile experiments. Selected computing architecture, constructed electronics, and programmed a/d interfaces. Performed literature review of available algorithms, optimized and implemented for chosen platform. Created friendly device interface for real time monitoring and reconfiguring. Analyzed performance results.

Intel Corporation

Platform Engineer Intern

June 2007 - September 2007 (4 months)

Dupont, WA

Education

California Institute of Technology

BS, Chemical Engineering · (2006 - 2012)
